

MASTER GARDENER EVENT

The Importance of Pollinators: Bugs, Birds, Animals, and Wind help produce our food.

bees, ants, flying fox, bear, flies, lady bug, bats, humming birds, wind, beetles, and many other insects, birds, and many animals

What: Wythe-Bland Region Master Gardener Association presents a 'free' learning program for adults and youth: learn that bees are not the only pollinators for plants and learn why we cannot survive without pollinators.

When: Saturday, July 13th, from 8:00am to 12noon

Where: Wytheville Farmers' Market, 210 W. Spring St.

Who: All are welcome to attend and to bring your gardening questions for the master gardeners to answer.

More Information: Call David Danner @ 276-223-7773.
